"Very pleased with the end product. Tom and his designers were very responsive and had great input into what would work best with the space we had. The workmen were clean, fast and polite. Very trustworthy. And our new closet is out of this world! Price is very reasonable!"

"After thinking having a grown up closet was completely unaffordable (after visit to the Container Store), we decided to check with Inspired Closets by Tom to compare the cost. We were pleasantly surprised to find that not only was it half the cost, we ended up with a better layout (thanks to Jane's brilliant idea). We love the end product! The look is exactly what we had hoped for. The quality is great. Their people were all friendly and pleasant to work with. In the future, if we need any closets/storage help, we would definitely use Inspired Closets by Tom again."

"I have had two separate but equally wonderful experiences with Inspired Closets by Tom. Initially they created a built-in butler's pantry for my kitchen. It provides all the needed storage as well as being a very attractive piece. The consultation process was outstanding - quite fun actually! The second time, they built a library for me. Again, the suggestions by my consultant (Emelyn is amazing!) were spot on and I could not be happier with the results. From design to installation my satisfaction was primary. Love these folks!" **Jill | Oakmont, PA**

Inspired Closets by Tom is friendly, knowledgeable and reliable! They are a creative team that will give you a number of options to meet your needs. I was very impressed with the timely installation and the close attention they pay to every detail. I highly recommend them! **Audra | Murrysville, PA**

I had a great experience with Inspired Closets by Tom. Laura and Julie were great to work with in the design phase. The end result was better than we expected. We're very happy and would recommend them.

Inspired Closets by Tom's staff were so friendly and easy to work with. They took time to understand what we wanted and patiently work with us through the design process. The installers were professional and we are thrilled with our new entryway open closet. **LouAnn | Mars, PA**

From the initial design to final installation, it was a pleasure working with the team from Inspired Closets by Tom of Western PA. Jane was very easy to work with - giving me several options for a design - even if it took 6 or 7 versions to get to my final choice. The installers are very professional and efficient. I absolutely LOVE my new closet! You can't go wrong with this company. **Joyce | Coraopolis, PA**

I have had several projects completed by Inspired Closets by Tom and they have all turned out amazing. I get so many compliments on their work. Their staff is professional and provide solutions to accomplishing the work you want done. I will use them again without hesitation.

I have used Inspired Closets by Tom to build a master closet, a closet in a hall bedroom, and a basement closet at three different times during a home renovation. I keep hiring them because they are the ultimate closet designers. From asking the correct detailed questions about the exact use of the space to offering excellent suggestions about how to design the space to designing well functioning, roomy closets to timely proposals to excellent installations, this company is great! They excel in all areas of the design-build process. As a bonus the owners and workers of the company are friendly and a pleasure to have in the house. Jane Robbins, in particular, is awesome. She is patient and easy to work with (even if the customer changes her mind multiple times.) :) I couldn't recommend this company more highly! I would use them again (as I have!) **Kerry | Squirrel Hill, PA**
